Before you start

This Product Disclosure Statement (PDS) is a summary of significant information about BUSSQ's MySuper product. It contains references to other important information in the *Super Handbook* and *Insurance Handbook* (each of which forms part of the PDS). These documents are available on our website bussq.com.au, or call us on **1800 692 877** and we will send you a copy. You should consider the information in all of these documents before making a decision about the product.

This PDS contains general information only and does not take into account your personal financial situation or needs. You should consider whether the information is appropriate for your personal financial situation and needs, and obtain financial advice tailored to your personal circumstances.

1. ABOUT BUSSQ MYSUPER

BUSSQ is an industry fund that has been providing superannuation services to the building, construction and civil industries for 40 years. We're a national fund committed to our members' financial security, now and into the future.

As an industry fund, all profits are returned to members - not shareholders.

Anyone can join BUSSQ, so no matter what industry you work in or where you live, BUSSQ is here to assist you to achieve your retirement goals.

BUSSQ MySuper is an authorised MySuper product. Its product dashboard is available at bussq.com.au/investments/mysuper-dashboard. The dashboard can be used to compare BUSSQ MySuper with other MySuper products. BUSSQ also offers a Premium Choice superannuation account and Transition to Retirement, Retirement and Child Income accounts. More information about these other products can be found on the website. This information includes Target Market Determination (TMD) documents, which outline the target market a product has been designed for (available at bussq.com.au/disclosure).

BUSSQ's executive and director remuneration and other disclosure documents are available at bussq.com.au/disclosure.

2. HOW SUPER WORKS

Super is a way to save for your retirement which is, in part, compulsory. The money comes from contributions made into your super fund by your employer and ideally, topped up by your own voluntary contributions. You may also be eligible for certain government contributions.

Under current legislation, your employer must pay a percentage of what you earn into a super fund. This is called the Superannuation Guarantee (SG). SG rates are outlined in the *Super Handbook*. You may work under an agreement which requires your employer to pay you a higher rate of super. Ask your employer for more details.

There are limits (caps) on contributions to superannuation.

Most people have the right to choose which super fund their employer pays their SG contributions into. Inside your chosen fund your money is invested and grows over time, so that when you retire you will have money to live on. There are a number of benefits of investing in super:

- **Tax advantages** - for most people, super will be taxed at a lower rate than a similar investment outside super
- **Insurance** - you may get Death, Total and Permanent Disability (TPD) or Income Protection insurance through your super fund, with the cost of the insurance deducted from your super account balance.
- **Bonus contributions from the government** - making voluntary after tax contributions to your BUSSQ account could make you eligible, depending on how much money you earn and how much you contribute to your super.

Preservation age

Generally, super is preserved for retirement and can't be withdrawn until you meet your preservation age, except under special conditions.

If you are 60 years old or older, you have reached your preservation age. Once you reach your preservation age, you can start to access your super.

If you have reached age 60 and permanently retired or ceased an employment arrangement, you can withdraw your super.

There are three ways you can get access to your super:

- As a lump sum
- As a retirement income stream (e.g. a fortnightly payment), or
- A combination of both.

You can only access your super before you retire or reach your preservation age under certain conditions such as disablement, compassionate grounds, or financial hardship. Call us on **1800 692 877** for more information.

Understanding how super works can bring great benefits whether you are just starting out, are close to retirement or have already retired. Getting to know the basics is a great start to making sure your super future is bright.

You should read the important information about contributions and how super works before making a decision. Go to the *Super Handbook* which can be downloaded at bussq.com.au. The material relating to how super works may change between the time you read this PDS and the day when you acquire the product.

To learn more about how super works and how you can get the most out of it go to the Australian Government's 'MoneySmart' website - moneysmart.gov.au - and click on the 'Super and retirement' tab.

4. RISKS OF SUPER

All investments carry risk. Different investment strategies carry different levels of risk, depending on the investments that make up the strategy. Investments with the highest long term returns may also carry the highest level of short term risk.

The significant risks that relate to investing in BUSSQ are: inflation risk, market risk, individual investment risk, interest rate risk, currency risk, derivatives risk, regulatory risk, timing risk and liquidity risk.

The likely investment return and the level of risk of losing money is different for each investment option depending on the underpinning mix of assets. When considering your investment in super, it is important to understand that:

- The value of investments will vary
- The level of returns will vary and future returns may differ from past returns

- Returns are not guaranteed and you may lose some of your money
- Superannuation laws may change in the future
- The amount of your future super savings (including contributions and returns) may not be enough to provide adequately for your retirement
- The level of risk for each person will vary depending on a range of factors, including your age, investment time frame, where other parts of your wealth are invested and your tolerance to risk
- Other products provided as part of your superannuation, such as your insurance, may not suit your needs.

You should read the important information about the risks of super before making a decision. Go to the *Super Handbook* which can be downloaded at bussq.com.au. The material relating to the risks of super may change between the time you read this PDS and the day when you acquire the product.

5. HOW WE INVEST YOUR MONEY

You should read the important information about your investment options and how BUSSQ invests your money before making a decision. Go to the *Super Handbook* which can be downloaded at bussq.com.au. The material relating to how BUSSQ invests your money may change between the time you read this PDS and the day when you acquire the product.

Investment objectives - to beat the Consumer Price Index by 3.25% per annum over a 10 year period, after investment fees and costs and investment taxes.

Suggested minimum investment timeframe
At least five years.

Choosing or changing your investment option(s)

If you would like the ability to choose where your super is invested you can change from BUSSQ's MySuper product to BUSSQ's Premium Choice product at no extra cost. With Premium Choice you can choose from 8 investment options that deliver the potential for higher returns, greater relative security or a mix of both. Who BUSSQ invests your super with

BUSSQ is constantly monitoring markets and their impact on its investment portfolio. BUSSQ's portfolios are managed by a range of experienced and skilled investment managers who use a disciplined investment process to identify good quality stocks. BUSSQ remains committed to managing a well diversified portfolio that is designed to provide good returns over the long term.

The asset allocation is sometimes adjusted in line with changes in the market and to meet the stated investment strategy of the option.

BUSSQ's Investment Committee interviews and selects specialist investment managers for each of the asset classes.

Investment managers are selected on a management and performance basis and they are required to report regularly to the Trustee. The investment managers are constantly monitored by the Trustee.

Details of where funds are invested can be found in the Portfolio Holding Disclosure section at bussq.com.au/disclosure

Labour standards and environmental, social and ethical considerations

BUSSQ's Responsible Investment Framework includes the assessment of Environmental, Social and Governance (ESG) considerations when selecting, retaining or redeeming the investments of BUSSQ.

This includes (but is not limited to) the consideration of climate change, human capital management and labour standards (including modern slavery in our supply chain) and governance practices (including transparent reporting) as part of this framework.

Investments and investment managers are selected on their ability to contribute toward the achievement of BUSSQ's investment objectives. Evaluation of ESG risks and opportunities forms one part of that evaluation alongside consideration for member returns.

For more information on our approach to responsible investing, and how we appoint and monitor our investment managers, read our *Super Handbook* at bussq.com.au

6. FEES AND COSTS

Did you know? Small differences in both investment performance and fees and costs can have a substantial impact on your long term results. For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30 year period (for example, reduce it from \$100,000 to \$80,000). You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs. You or your employer, as applicable, may be able to negotiate to pay lower fees. Ask the Fund or your financial adviser.

To find out more: If you would like to find out more, or see the impact of fees based on your own circumstances, the **Australian Securities and Investments Commission** (ASIC) website (moneysmart.gov.au) has a superannuation calculator to help you check out different fee options.

Fees and costs summary

The information in the fees and costs summary can be used to compare costs between different superannuation products. These fees and other costs may be deducted from your money, from the returns on your investment or from the assets of the superannuation entity as a whole.

Investment fees and costs ²	0.58% p.a.	Deducted daily from the investment option before BUSSQ declares a unit price.
Transaction costs ²	0.15% p.a.	Deducted daily from the investment option before BUSSQ declares a unit price.

Any amount charged in excess of that cap must be refunded.
2. These percentages are an estimate based on the costs incurred for the 12 months ending 30 June 2024. The investment fees and costs include an amount of 0.04% for performance fees and the calculation basis for this amount is set out under the 'Additional explanation of fees and costs' section in the *Super Handbook*.

7. HOW SUPER IS TAXED

Tax on contributions

BE AWARE: You should provide your Tax File Number (TFN) when you open a BUSSQ MySuper account. If you don't, you may pay more tax than you need to when you contribute or withdraw money, or you may not be able to make certain types of contributions. It will also be more difficult to find any other super you may have and you run the risk of not receiving all your super when you retire.

- **Concessional (before tax) contributions** include employer and salary sacrifice contributions and are generally taxed at 15%. This tax is deducted directly from your account and is called a 'Contributions Tax'. Extra tax may apply if you earn more than \$250,000 p.a.
- **Non-concessional contributions (which you make from your after tax pay)** aren't taxed except if you contribute an amount above the government's yearly limit or 'contributions cap'.

BE AWARE: The government has set limits, called contribution caps, on how much you can contribute into super. If you exceed these limits you will pay extra tax. For more information go to bussq.com.au or call us on **1800 692 877**.

Tax on investment earnings

Superannuation investment earnings are taxed at a lower rate than most other forms of savings.

The maximum rate is 15%. This tax may be offset by deductions available to BUSSQ such as franking credits.

Tax is deducted from BUSSQ's investment returns before our unit prices are declared.

Tax on withdrawals

For most people, your super account includes a taxable and tax free component. If you are aged 60 or over, lump sum withdrawals are generally tax-free. If you are under 60, the taxable component will be taxed at 22% (including the Medicare levy).

We'll deduct any tax from your benefit when it is paid. Your super is not taxed when transferred from one super fund to another, unless it comes from an untaxed source.

Tax on Death benefits

A Death benefit paid to your financial dependant or spouse (as defined under tax laws) will be tax free. If some or all of your Death benefit is paid to your estate, the benefit may be subject to taxation plus Medicare levy if it is ultimately paid to a non-dependant (under tax laws). Call us for more information on **1800 692 877**.

You should read the important information about how super is taxed before making a decision. Go to the *Super Handbook* which can be downloaded at bussq.com.au. The material relating to how super is taxed may change between the time you read this PDS and the day when you acquire the product.

8. INSURANCE IN YOUR SUPER

You should read the important information about insurance in your super before making a decision. Go to the *Insurance Handbook* which can be downloaded at bussq.com.au. The material relating to insurance in your super may change between the time you read this PDS and the day when you acquire the product.

BUSSQ provides flexible insurance that is tailored for workers in the building, construction and civil industries. When you open a BUSSQ MySuper account you may receive default insurance cover for Death (including terminal illness) and Total and Permanent Disablement (TPD). If you do not receive default cover, you may apply for insurance cover. BUSSQ also offers fixed Death and TPD cover, or fixed Death Only cover and Income Protection, within our Premium Choice account. You can download the *Premium Choice PDS* and Target Market Determination documents from bussq.com.au or call us for a copy on **1800 692 877**.

Default cover

When you join BUSSQ, unless you have opted out of default cover, then provided you meet the insurer's eligibility conditions, the default cover you receive is four units of Death (including Terminal Illness) and TPD cover (which includes Total and Temporary Disablement cover). If you are under 25 or have an account balance less than \$6,000 you will be provided with default cover under the dangerous occupation exception. Please see the next page for more information.

The value of the cover varies depending on your age and occupation. If you are an Australian or New Zealand citizen, Australian permanent resident, or you are eligible to work in Australia, you are covered 24/7, anywhere in the world, not just while you are at work.

On joining BUSSQ MySuper, you may elect to add additional units to your default cover (so that your total cover is six units) without providing additional health evidence. You can select this option when you join BUSSQ within four months of the date of the welcome notification we send to you. You can also apply to convert your cover to fixed cover. Conditions apply.

See the *Insurance Handbook* for detailed information about when your cover starts and stops, for circumstances when default cover may not be available to you or where you may only be entitled to limited cover and when and how your limited cover can be converted to standard cover.

Insurance premiums for any default cover you receive will be deducted from your super account, unless you opt out of or cancel your insurance cover.

Please note: you may NOT be eligible for default Death and TPD cover if you:

- Have previously reduced or cancelled your BUSSQ insurance cover
- Have been previously paid or eligible to receive, or have lodged a claim or have a claim pending for, a TPD benefit from BUSSQ, any insurer or another superannuation fund
- Are self-employed
- Have been paid or are eligible to receive or have lodged a claim for or have a claim pending for a terminal illness benefit from or with any insurer of a superannuation fund, or are otherwise suffering from a terminal illness.

Insurance cover is subject to eligibility conditions and exclusions which may affect your entitlement to cover. Before making any decisions about your insurance please read the *Insurance Handbook* available at bussq.com.au. Insurance is offered subject to the terms and conditions of the relevant insurance policy held by the Trustee. If you would like a copy of the policy document call **1800 692 877** and we'll send you one.

Dangerous Occupation Exception

Unless a member is employed in a dangerous occupation, the law prevents super funds from providing insurance to new members under age 25, and/or whose account balance is less than \$6,000. Many BUSSQ members work in high risk occupations, so BUSSQ has elected to provide cover to members when they join. Refer to the *Insurance Handbook* for details, including rights to cancel or change your cover.

When your cover starts, stops and recommences

Your insurance commences on the first date of the period that your first Superannuation Guarantee contribution is received into your BUSSQ account.

Cover continues until you reach age 65 for TPD cover or age 70 for Death cover, your account becomes inactive (no contributions or rollovers received) for 16 consecutive months, another circumstance applies that causes your cover to cease, or there is no longer money in your account to pay the premiums.

If your account has been inactive for 16 consecutive months BUSSQ will be unable to continue to provide any insurance cover to you. Your account is considered inactive if:

- We have not received an amount (rollover or contribution) to your account within the last 16 months, and
- You have not elected to maintain your cover.

To ensure you are kept up to date with the status of your BUSSQ account, we will notify you when your account has been inactive for 9, 12 and 15 months, providing you with ample opportunity to make an election to maintain your insurance cover.

You can elect to keep your insurance by either contacting us on 1800 692 877 or at bussq.com.au, or by making a contribution, or by rolling over an amount to your BUSSQ account.

Please note your insurance cover can be reinstated within 30 days of ceasing. Detailed information about these circumstances is available in the *Insurance Handbook*.

If you don't want insurance

You can choose to opt out of default cover by ticking the box in Section 3 on the *Join BUSSQ MySuper* form. If you wish to cancel your cover at a later date, you can do this via Member Online, by completing the *Application to Change Your Insurance* form available at bussq.com.au or you can call us on **1800 692 877** to cancel your cover over the phone. Please note that if you cancel your insurance cover you will need to provide medical evidence to our insurer if you wish to have cover through BUSSQ in the future. Our insurer may accept your application (on standard or non-standard terms) or decline your application.

If you want to change your insurance

You can apply to change your cover online after your BUSSQ MySuper account is opened, or by completing the *Application to change your insurance* form available at bussq.com.au.

- If you choose to provide your TFN, we will use and disclose it for purposes including helping you to find your super, calculating tax and providing information to the ATO.
- If you do not provide your TFN you may pay more tax on your benefits and contributions and we cannot accept your personal contributions.
- If you transfer your super to another fund, we will disclose your TFN to the other fund unless you tell us in writing not to.

I acknowledge the above information and I elect to provide my TFN and declare it is:

3 Your BUSSQ insurance cover*

Information about the default insurance cover that is offered with your MySuper account can be found in the *MySuper PDS* and *Insurance Handbook*.

This includes the definitions of some of the terms used on this form. You should read this information before completing this section.

3.1 Do you wish to hold insurance with BUSSQ?

☐

YES (proceed to question 3.2.
Occupational Categorisation
below)

☐

NO (proceed to section 4)

Please note: If you say no to insurance cover on this form, you will not be eligible for default cover in your BUSSQ account. If you decide you want BUSSQ insurance in the future, you will need to apply for cover.

3.2 Occupational Categorisation

Before we can give you insurance, we need to know more about the type of work you do.

If you need help understanding your options, read the PDS or *Insurance Handbook* at bussq.com.au or call us to discuss your options on 1800 692 877.

Tick '✓' one of the below boxes:

☐

I am a manual worker – I do manual, physical work and elect to have insurance cover with BUSSQ.

☐

I am a non-manual worker – I do not perform any manual duties and spend at least 50% of my working time in an office environment and elect to have insurance cover with BUSSQ when I meet the eligibility criteria.

Please note: If you're a non-manual worker, your default cover won't start until you're age 25, your BUSSQ account balance is \$6,000 or more, and we've received your first Employer Contribution. You can opt in to receive default cover early by returning your completed *Opt in to default insurance cover* form, within 60 days of the date of your Welcome Letter, available at bussq.com.au

Please note: You are only eligible for default insurance if you meet all of the eligibility criteria for default cover set out in the *MySuper PDS* and *Insurance Handbook*. This means, you may NOT be eligible for default cover if you:

- Are self-employed or your employer is not paying contributions to your BUSSQ account.
- Have previously reduced, opted out of, or cancelled your BUSSQ insurance cover.
- Have been previously paid, or are eligible to receive, or have lodged a claim, or have a claim pending for a TPD benefit from BUSSQ, any insurer, or another superannuation fund.
- Have been paid, or are eligible to receive, or have lodged a claim for, or have a claim pending for a Terminal Illness benefit from, or with any insurer of a superannuation fund, or are otherwise suffering from a Terminal Illness.
- Are under 25 and/or have an account balance under \$6,000 unless you are covered by the dangerous occupation exception or you opt in to receive default cover early.

3.3 Opt in to default cover if you're under 21

If you're under age 21, if eligible, you can choose to get default unitised cover instead of the Budget under 21 cover.

Please tick '✓' the box below to select this option:

☐

I am under 21 and choose to be covered by default unitised cover instead of the Budget under 21 cover detailed in the *MySuper PDS* and *Insurance Handbook*. It's important to check how much this insurance cover will cost you and make sure your super contributions and balance can cover your insurance premiums.

If you are aged between 21 and 69, you are generally eligible for BUSSQ's default cover. More insurance options, including fixed cover and Income Protection cover, are available through BUSSQ's Premium Choice account.

3.4 Extra cover upon joining BUSSQ

You can apply to increase your cover from the default 4 units of cover, up to a total of 6 units of Death and TPD, or Death only cover, without providing medical evidence.

Please tick '✓' the box below to select this option:

Please note: This option is only available if you meet all of the eligibility criteria for default cover detailed in the *Insurance Handbook*. If you do not apply for the additional 2 units in this application, you can still apply in writing to super@bussq.com.au within four months of the date of the Welcome Letter we send you.

☐

I would like to increase my default cover to a total of 6 units of Death and TPD cover or Death only cover.
